

# Salt Dough

Making salt dough is a really fun and easy activity for kids and the chances are you will have all of the ingredients in the cupboard ready to go. Do take care to remind little ones that the salt dough is not edible.

## Ingredients

250g plain flour

125g table salt

125ml water

## Method

1. Preheat the oven to its lowest setting and line a baking sheet with baking parchment.
2. Mix the flour and salt in a large bowl. Add the water and stir until it comes together into a ball.
3. Transfer the dough to a floured work surface and shape into your chosen model. You can roll it out and cut out shapes using biscuit cutters, or make any kind of model you can think of!
4. Put your finished items on the lined baking sheet and bake for 3 hrs or until solid.
5. Leave to cool and then paint.
